

## West Road Primary School

### Governor Profile

**Name:**

Mrs Chloe Langton

**Category of Governor:**

Vice Chair of Governors

**Role on the governing body:**

Early Years Foundation Stage

**Governing Body:**

I started out as a Parent Governor back in 2015, as my child was a member of the school and following my keen interest in the field of education. More recently in 2017, I was appointed as Vice Chair of Governors. As a part of the governing body my role is to; question, challenge and support the Senior Leadership Team of the school.

**Personal life:**

After the birth of my daughter in 2009, I realised that my passion was to work with children in the education sector. I embarked on a journey to reach my goal of becoming a primary teacher. Back in 2015, I obtained a BA (Hons) degree in Primary Education and I am currently coming to the end of two valuable years working in a primary school as a Teaching Assistant in Key Stage 2. September 2017 will be the start of my Initial Teacher Training through Doncaster Partner in Learning, which I am extremely excited about.
